As with most children's theater groups, involvement of parents is crucial to success. We know there is a wealth of talent among the cast families. Please carefully review this list and check area(s) that you would be excited to help with. Older siblings are also welcome to volunteer. You will not be asked to do all checked activities, but it will let us know where your interest lies. Our aim is to create the best product possible and for all of us to have fun in the process. Please return this form as soon as possible to one of the board members.
